### LIBRARY PRIVACY & SEARCH WARRANT POLICY

---

It is the policy of the Portage District Library Board, administration and staff to preserve the confidentiality of all library patron records and related patron information to the fullest extent permitted by law. To that end, the library patron records of the Portage District Library shall be released or disclosed only as provided for under the conditions stated in this policy and applicable law including the Library Privacy Act. MCL 397.601 *et seq.*

All library patron records and related patron information shall be treated by the staff of the Portage District Library as confidential, including name, address, telephone number, or any other information provided on library patron records that personally identifies a library patron. The Portage District Library may only use library patron records for library transactions and to distribute library-related information to registered library patrons.

The definition of a “library patron record” in this policy is: Any written documentation, record, or other method of stored information that is retained by the library and that contains information that personally identifies a library patron or that identifies a person as having requested or obtained specific materials from the library. This includes, but is not limited to, the library patron's name, address, telephone number, or any other descriptors that would identify the person in any way. This also includes the basic fact that the individual is a Portage District Library patron and may or may not have requested or obtained specific materials from the library. For clarification purposes, a library patron record does not include “non-identifying” material that may be retained by the library for the purpose of studying or evaluating the circulation of library materials in general, such as: material usage counts, age and gender demographics, etc.
