

The Portage District Library will abide by executive orders to remain closed until we have been given approval by State authorities.

All materials will have their due dates extended, so please do not be concerned about accruing overdue fines during this time. A material return date will be published after we set a date to reopen. **Please do not return your materials to the library at this time as there are no staff in the building to handle them.**

The most up-to-date information regarding further changes to library services will be available on our website: www.portagelibrary.info, E-Newsletter, and on our Facebook page.

If you still wish to use library services, remember that PDL offers a large variety of digital options, including eBooks, eAudiobooks, eVideos, and eMusic. To learn more, please visit: <http://bit.ly/PDLdigitallibrary>.

If you would like more information about COVID-19 and how to stay safe, we have put together some resources for you at the link below: http://portagelibrary.info/ask-us/covid-19_news.
